BOOK SYNOPSIS

New York Times Bestseller. "A superb book. . . [Lewis] makes Silicon Valley as thrilling and intelligible as he made Wall Street in his best-selling Liar's Poker."—Time In the weird glow of the dying millennium, Michael Lewis set out on a safari through Silicon Valley to find the world's most important technology entrepreneur. He found this in Jim Clark, a man whose achievements include the founding of three separate billion-dollar companies. Lewis also found much more, and the result—the best-selling book *The New New Thing*—is an ingeniously conceived history of the Internet revolution.
